

GIVE YOUR PATIENTS THE BEST OF THEIR VISION

LEARN MORE

For many years, subjective refraction techniques have hardly changed. The **Vision-R 800** phoropter ushers in a new era of refraction:

- More precise refraction, delivered by measurements up to 0.01 D
- Easier exam to perform, using unique algorithms to optimize the exam
- More comfortable experience for the patient, due to smooth, continuous power changes

VISION-R™ 800
REINVENTING REFRACTION
